Introduction

Welcome to our Educational Tours to Northern France Brochure which we trust will inspire you to choose La Jolie Ronde and Langues et Voyages – ELS, to organise your forthcoming trip.

It is such an exciting time for languages, particularly with the MFL Programme of Study requirements that are now in place. What better way to enhance your pupils' language learning than a trip to the country they are studying.

Taking an Educational Tour with La Jolie Ronde is the perfect way to provide pupils with new and exciting learning experiences. Children will experience the everyday realities of a foreign language, as well as sampling unique opportunities for personal and social development.

We offer:

- Tours individually tailored to your school's requirements and budget
- Langues et Voyages – ELS staff on hand at all times
- A specially trained bilingual leader throughout your stay
- Secure accommodation approved by the French regulatory authorities
- Fully equipped coaches with seat belts
- A wide variety of fun, educational and leisure activities to choose from
- Pre-prepared educational worksheets, based around your visit
- Opportunities to meet and converse with French children

Finally, we offer 2-day Preview Visits for teachers to see the venues, accommodation and activities first-hand; it is also an ideal opportunity to complete risk assessment forms. Costs are refunded when your school books a tour.

I loved going to France

Me too, it was a great trip!

Residential Centres

All the Residential Centres we use have been chosen with great care and attention and are visited regularly. Before deciding to work with any centres, the following criteria are essential: security, cleanliness and hygiene, quality of food provided and the overall friendliness of the staff.

As well as the common links in high quality and standards, each centre retains its own distinctive character, making it possible to have a unique experience in different regions of France. All centres encompass:

- Warm, secure accommodation, some including en-suite facilities
- Healthy, nutritious food that appeals to young tastes
- Facilities for classroom and games activities

All residential centres meet European Standards and have passed academic inspection by the local French Authorities. The residential centres we use are based in Nord Pas de Calais, Le Mans, Normandy and Saint Malo.

“Our trip to Stella Maris was an amazing experience. Every day was filled with interesting activities and useful information. By the end of our four days we felt so much more confident in speaking our short sentences in French.”

J. Miller and pupils at Oakfield Prep School, Dulwich

“Every year this French residential just gets better and better! I would confidently and happily recommend it to any primary school and challenge them to better it!”

Mrs M. Bagdatlioglu – Whinstone Primary School, Stockton-on-Tees

OUR CENTRES

Nord Pas de Calais

The proximity of the Nord Pas de Calais region to the UK means it is a popular area for British school visitors. The short Dover to Calais route has always been the traditional gateway to the continent. Berck-sur-Mer, Etaples, Stella Plage, Le Portel, Le Touquet and Hardelot are typical French seaside towns, where pupils will be able to enjoy their initial taste of France and savour aspects of French life.

Normandy

This part of France has close associations with Britain. William the Conqueror set off from this area to conquer Britain in 1066. You can visit the charming little town of Bayeux and see the magnificent tapestry describing the Norman Conquest. Nearer to our own time, the allied Normandy landings started here in 1944. The residential centres are well situated for visits to the Normandy beaches and the Caen Memorial Museum of Peace. Rouen in Upper Normandy is also well worth considering as it is only 2 hours from the Eurotunnel.

Le Mans

Le Mans is in the west of France, at the heart of a triangle formed by Normandy to the north west, Paris to the north east, and the Loire valley to the south. The city is best known for 'Les 24 heures', the 24 hour motor race that takes place each year. You can visit the motor racing circuit and museum nearby, plus the surrounding area has plenty to offer – for example Saumur, with its renaissance castle, Futuroscope at Poitiers and the Cadre Noir (French National Riding School).

Saint Malo

This is a great destination as the centre is suitable for younger groups. The town itself is easily accessible with regular ferry crossings from Portsmouth. Activities on offer include; primary school visit, farm visit with hands-on activities, sand-sailing, treasure hunts, sea-based activities, visits to Mont Saint Michel plus the reptilium.

Educational and Leisure Activities

For many of your pupils this will be their first trip abroad. Our activities are not only fun and exciting, but also encourage pupils' interest in another culture and language at an age when they are most receptive to learning, and ahead of moving into secondary school.

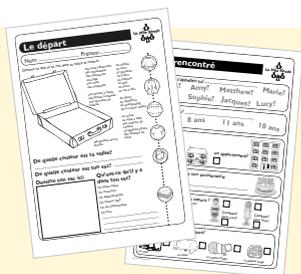

Through these short study trips to France, our aim is to give your pupils the chance to sample the everyday realities of 'real life' France.

All our tours are tailor-made to your own requirements. We are happy to work with you to develop a school trip that meets your budget and above all ensures the safety and enjoyment of your group. All activities have been personally visited by our agents as part of their Safety Management System.

"The children loved meeting and playing with their pen friends plus the trip to the bakery was a real highlight. These shared experiences will be key moments of their primary education."

J Woodhouse – Sir Robert Hitcham Primary, Suffolk

Fun and Educational Worksheets

Pre-prepared fun and educational worksheets based on the activities and visits you have chosen are provided for all pupils on the trip. The worksheets are a fantastic record of the times spent in France and can be shown to parents, displayed on notice boards or included as part of a school project.

TOP 10 ACTIVITIES

Visit to a French Primary School

Children are welcomed into a classroom and have fun practising the French language with children their own age.

Bee and Honey Farm

The children have the chance to discover everything about the life of the bee. They will also make their own wax candles which they can take home, together with a pot of honey.

Snail Farm

Children discover this most typical feature of French gastronomy. Visit is followed by a video and tasting session.

Goat Farm

Everyone has the chance to make their own bread and cheese. Whilst the bread is baking, your pupils can milk the farm goats. At the end of the visit, they are able to taste their own warm bread and fresh cheese – truly delicious!

Typical French Supermarket

A fantastic way in which pupils cannot only practise their French, but also see the variety of foods available.

2nd World War Museum

A private collection of authentic artefacts illustrating what the children have been learning in their history lessons.

Open Air French Market

Provides opportunities to look around at local produce and speak French in order to complete their language questionnaires, as well as buy any souvenirs.

Sea-based Activities

Activities include a visit to a sea centre or fishing museum with hands-on activities and interactive features, or the discovery on the beach of low tide creatures and ecological issues.

Authentic French Bakery

Children are taught how to make croissants or bread by a professional. Making the croissants proves great fun, but eating them is even better!

Physical Activities

Includes sand sailing, kite making and flying, plus tree top adventure activities. The children will enjoy expert tuition with experienced instructors.

“The crêperie was a hit as was the farm, market and bread making but surprisingly many children listed the visit to the school as their most memorable moment as they felt a sense of confidence at being able to converse and have fun with the French children, whether it was over a clipboard and a biscuit, through a game of football or having fun on the playground together.”

Mrs S. Mitchell – St. Luke’s C of E Primary School, Bournemouth

Planning Your Trip and Sample Itineraries

We aim to make planning your trip as easy as possible and in order to help you, we have put together some sample itineraries.

"The organisation of the trip was superb. We had an excellent itinerary which the children thoroughly enjoyed. I would have no hesitation in highly recommending La Jolie Ronde / ELS to other schools!"

A Randall – Our Lady of Ransom School, Essex

Off Peak Tours

In response to demand, we have expanded our range of educational tours to France to include short, discounted tours during the off peak season (November to February inclusive).

These tours are 1 or 2 night stays in Northern France and include some of the most popular activities such as visits to the local market and the Second World War museum at Ambleteuse. The children get a chance to practise their French with the help of specially designed activity sheets, as well as the opportunity to experience French culture, whilst enjoying the hospitality of carefully selected residential centres.

Prices start from around £155 for a one night (2 day) tour, making a trip to France a more realistic proposition than ever before.

Preview Visits

We recognise the importance of ensuring high standards of accommodation and tour arrangements for your group. Your LEA, School or Committee may insist that as party leader, you undertake an inspection trip to ensure that this is the case. We are able to provide a preview visit regardless of whether or not you have booked your tour. These 2 day visits enable you to see at first hand the venues, accommodation and activities that we provide. They also provide an opportunity to gain information which will help you to complete risk assessment forms.

The visits include travel from London plus full board accommodation while in France. The cost of the preview visit is £135 which is refundable when you book your Tour.

"The visits to all 5 youth centres were of immense value. The visits were very informative and they allowed teachers to complete their risk assessment paperwork while sharing ideas with like-minded colleagues."

K.P – St. Hilary's School, Godalming, Surrey.
